

What is YOUR 9/11 TRUTH IQ?

How many holes in the official story have you already seen through?

Gov't Theory: *19 radical al-Qaeda Muslims, at the behest of Osama bin Laden, hijacked four commercial airlines on 9/11, crashing three of them into the World Trade Center and the Pentagon, after training as pilots at American flight schools. According to Condi Rice and other administration officials, no one could have ever anticipated terrorists using airplanes as missiles.*

Problems and points. The Pentagon itself invented "planes as bombs" in a 1993 study. **[2]** Osama bin Laden was funded and trained by the CIA in the Afghan-Russian war and is considered by many to have been a CIA asset. **[2]** Just before 9/11, he reportedly was visited by a CIA envoy in a hospital in Dubai. **[2]** Mohammed Atta, alleged ringleader of the hijackers, received at least \$100,000 from Lt. Gen. Mahmood Ahmed, Director of the ISI (the Pakistani affiliate of the CIA). **[3]** On September 11, 2001 Ahmed was in Washington meeting with Sen. Bob Graham and Rep. Porter Goss, heads of the Senate and House Intelligence Committees. **[2]** FBI Director Robert Mueller said there is no physical evidence linking al-Qaeda with the attacks on 9/11. **[2]** By Sept. 23, 2001, four of the 19 alleged hijackers had been located, alive and well, working in regular jobs. **[2]** No

Arab names were on passenger lists of the 9/11 flights. **[1]** DNA was identified from virtually all the passengers - but none of the hijackers. **[2]** History reveals a U.S. clandestine provocation sparked every single one of our foreign wars. **[2]** - **Know all these facts? Gov't Theory: *No military planes were successfully scrambled to intercept any of the purportedly hijacked planes on 9/11, even though it is routine standard operating procedure. Examples of the excuses given include: 1. the FAA didn't communicate quickly enough to NORAD, the North American Aerospace Defense Command charged with protecting us from hijackings and 2., there were no planes available ready to scramble on 9/11.*

Problems: Planes were ordered to intercept the hijacked airliners that day, but orders came much too late to defend the hijacked targets. **[2]** Interceptor pilots came from bases too far away (skipping over closer bases). **[2]** Even in the case of the *Pentagon itself*, with a time lag of at least 45 minutes between the hijacking and the attack, the military never intercepted. **[3]** Standard operating procedure is to scramble fighters to intercept errant air planes within minutes - it happens a dozen times a year. **[3]** On September 11, 2001, the US military held war games named Vigilant Guardian against a "plane into building" attack. **[2]** Many of

our own fighters were posing as hijacked planes in this drill, confusing air traffic controllers - the "perfect alibi." **[2]** General Ralph Eberhart, who presided over the NORAD fiasco on 9/11, was later promoted to a high post in the Dep't. of Homeland Security! **[1]** - **Know all this? Score 15 TRUTH IQ points!**

Gov't Theory: *According to the 9/11 Kean Commission report which will come out in July, the whole problem on 9/11 was that our intelligence agencies did not communicate within their ranks and between each other, leaving us blindsided with no idea that 9/11 was going to happen - so our spooks need more powers!.*

Problems: The FBI and CIA had multiple specific reports about what would happen on 9/11 from intelligence agencies around the world. **[5]** When several FBI agents and an FBI informer tried to alert the agency, higher ups quashed the reports and/or refused to believe or follow up on them. **[5]** Whistle-blower Sibel Edmonds, defense department translator with information linking high public officials to terrorism, is now under a gag order. **[5]** - **Did you know? Score 15 TRUTH IQ points**

Gov't Theory: *Flight 93, the fourth plane, was probably headed to the White House when it was commandeered by brave American passengers who fought off the hijackers. Tragically, the plane crashed during the struggle.*

Problems: Eyewitnesses in Pennsylvania saw a white military style jet nearby when Flight 93 exploded in mid-air. **[3]** Wreckage and human remains were found as far away as eight miles from the crash site, impossible unless the plane was destroyed in flight. **[4]** No confirmation of the government story has been given from black boxes or cell telephone bills. **[3] - Score 10 IQ points**

Gov't Theory: *The Twin Towers of the World Trade Center in N.Y. C. collapsed on 9/11 from fires ignited by jet fuel.*

Problems: No steel-reinforced high rise ever previously collapsed from fire—that's why WTC firefighters were running up the stairs when everyone else was running down. **[4]** Building fires only reach a fraction of the temperature needed to weaken steel. **[3]** Even pure jet fuel can not burn hot enough, just as your gas stove won't hurt your pots. **[3]** Eyewitness videos indicate a series of interior explosions in the towers. **[2]** WTC 7 wasn't hit by a plane and had a very minimal fire, yet it collapsed at free-fall speed. **[2]** So did the Twin Towers, just like a controlled demolition. **[3]** The owner of WTC 7 only signed the lease on the Twin Towers six weeks before 9/11. He will make a \$1 billion insurance profit on \$1 million invested. On TV he said he let WTC 7 be "pulled" down! **[3]** Bill Manning, editor of the trade journal, *Fire Engineering*, called the official investigation of the WTC collapse a "farce." **[2]** Instead of cordoning off the

WTC site for a forensic examination as required, the gov't immediately began to clear the debris, carting off the crime scene evidence to be buried in landfills, and shipping the steel beams to blast furnaces in China. **[3] - Score 25 TRUTH IQ points**

TAKE THE 9/11 TRUTH I.Q. TEST

HOW MUCH DO YOU KNOW ABOUT WHAT HAPPENED ON THAT TRAGIC DAY?

The "re-lie-able" sources in the U.S. Government who took us to war on Iraq because "Saddam Hussein had WMD's," are the same ones who told us what happened on Sept. 11, 2001.

Based on their story alone, the Bush misadministration has taken us into two wars in two years to fight a "war on terrorism." They have spent hundreds of billions of your tax money, sacrificed tens of thousands of American, Afghani and Iraqi lives, and have rammed through the "Patriot Act," the most severe limitations on your Constitutional rights in U.S. history.

It's high time to find out the Truth about 9/11 - *before they do it again!* Your freedom and well-being depends on it.
